

Our Shared Mission. FOSTER FRIENDSHIPS - DRIVING VALUE - TRANSFORMING LIVES. Our primary objective is to provide top-tier hemp-derived phytocannabinoids promptly to our clientele. To achieve this, we have aligned with industry leaders in various sectors to enhance our core capabilities and offer a comprehensive product development and manufacturing solution.

Our Shared Mission. Our aim is to establish a leading company and social entity dedicated to harnessing the potential of cannabis to enhance lives. Whether it's promoting personal well-being, advancing economic opportunities, or supporting social justice causes, FGFL is at the forefront of showcasing cannabis as a catalyst for positive change.

Our Shared Vision. UNLEASHING THE POWER OF CANNABIS FOR BETTER LIVES. FGFL and our partners are leading the charge in leveraging cannabis to create a purpose-driven organization that sets a new standard in an evolving industry. By leveraging expert insights, we develop cutting-edge, high-quality products that resonate with consumers. Our goal is to harness the plant's potential, build a world-class brand, and foster a culture driven by purpose to drive meaningful, lasting change.

Legality. The Agriculture Improvement Act of 2018, also known as the 2018 Farm Bill, legalized the cultivation and production of hemp, defined as cannabis with less than 0.3% THC. This legislation removed hemp from the list of controlled substances, paving the way for the legal production and distribution of hemp-derived products, including CBD, THCa, D8, D9, D10, D11 and more. This distinction is crucial as it legalizes the cultivation, production, and distribution of hemp and hemp-derived products, opening up new opportunities in the cannabis industry.

Premium Lifestyle Brand. FGFL partners stand out as a brand that blends premium ingredients with unparalleled ambition, innovation, and unwavering excellence. We challenge traditional marketing tactics with a quality-first approach that resonates globally. Committed to social responsibility, we use our brand influence to promote a healthy lifestyle.

Leadership. Our leadership team comprises visionaries who are constantly pushing boundaries, envisioning a brighter future, and seizing opportunities to realize our bold aspirations. In a rapidly evolving industry, FGFL forges its path by prioritizing genuine relationships, innovation, and attracting leaders who are dedicated to making a positive impact. Through a steadfast commitment to showcasing cannabis as a force for good, our leadership team is dedicated to creating long-term value for all stakeholders.

Innovation. At FGFL, we are revolutionizing mood management with innovative cannabis-based formulas designed to enhance connection, focus, stress management, relaxation, and sleep. Our team of experts focuses on plant science, genetics, and cutting-edge technologies to develop life-changing cannabis products.

Quality Assurance. FGFL partners uphold the highest industry standards by operating manufacturing facilities with reputable certifications. Our facilities adhere to FDA regulations, cGMP standards, ISO 9001 quality management systems, and utilize ISO 7 clean rooms. All products are rigorously tested, gluten-free, and non-GMO.

Processing. Our partners prioritize working with farms that share our commitment to producing clean, high-quality products. Our process begins with legally grown Industrial Hemp biomass sourced from certified North American farms with stringent growing practices. The biomass undergoes thorough testing before being processed at a certified facility, ensuring the highest quality cannabinoid raw materials for our products. Our team of experienced chemists, engineers, and manufacturing experts bring over 30 years of industry experience to ensure the quality and safety of our products.

Product Testing. Every batch of products undergoes extensive testing for potency, terpenes, heavy metals, pesticides, solvents, and contaminants by accredited third-party laboratories. Our strict quality control measures ensure that our products meet the highest standards before reaching consumers. Vaping Standards. Our vape products undergo rigorous testing for potency, contaminants, and safety before being released to the market. We source hardware from reputable suppliers who adhere to strict quality standards, ensuring a safe and reliable vaping experience for our customers.
